

UNIVERSITY DAY

The USA has one of the world's best and most prestigious universities and therefore it has become the main destination for international students. If your students are interested in progressing their studies at one of the US colleges or universities and if they would like to find out more about the American university system, we have created a 'University Day' that will take place during your stay with us. This will give your students the opportunity to have an introduction to the US university system. Our PLUS adviser will provide you with essential information on:

- the application requirements
- the admission and application process
- admission tests, student visas
- type of courses and course structure
- scholarships and funding

The attendance is not compulsory.
There are no extra costs for this service!

Where?

Los Angeles, Miami, New York
