International Language Students have the opportunity to integrate timetabled learning along with

### **Tailored English Tuition**

Tailored English course provides the opportunity to explore a range of English Language topics and skills over the relatively short period. During these sessions students will cover practical subjects, such as English for Business and British Culture. Sessions will include a focus on essential General and Social English. Students will be trained in skills to help maximise their English language progress on a short course.

Maximum class size: 15

Course assessment: Participants who complete the course will receive an end of course certificate.
