

# KidZania Experience

## 6 Hours of Interactive Lessons Over Two Weeks + 4 hour KidZania Experience, London

The KidZania Experience is a programme specifically aimed at students between the ages of 10-14 to help them start thinking about what they would like to do in their working life in the future and helps students to develop their ambition to achieve their goals and dreams. The programme culminates with a visit to KidZania in London giving them the opportunity to try out a variety of exciting careers.

### **Learning Objectives**

- To explore the skills required to be ready for the world of work.
- To assess preferences and aptitudes for different careers.
- To develop ambitions and recognise that different careers require different skills & training
- To analyse natural ability versus learning and training to develop their skills.

### **Learning Outcomes**

By the end of the programme, children will have:

- Thought about the skills and abilities people need for different jobs and that different jobs pay different amounts of money.
- Learned about budgeting, managing and making real choices and decisions about money.
- Practiced their speaking skills to develop understanding through speculating, hypothesising, imagining and exploring ideas.
- Examined their abilities and interests and written about what they learned about themselves during their visit to KidZania.
