About Our Tennis Academy Sessions

Our tennis coaches are all dedicated, enthusiastic and LTA qualified. We offer both individual and group coaching sessions to enable the coach to clearly identify areas of the game that need the most focused attention. Players will each be given an opportunity to discuss individual areas of concern so that objectives can be set. Our coaches are always on hand to support and advise. Again, occasionally streaming participants according to ability ensures players always play in a challenging environment.

Classic/Premium Plus Academy

The Academy package also includes full board onsite or host family accommodation, expert tuition and at least 2 full days excursion per week. Also included are a full and varied onsite social and sports activities programme during the day as well as an action-packed evening social program all fully organized and supervised by our energetic PLUS staff.
