

YOUNG MANAGER

“More than just an English Course”

UK

30 Hours of Instruction Over Two Weeks

With our Young Manager Courses, you will:

- develop your entrepreneurial skills while learning about up-to-date business-oriented topics
- develop 21st century skills, such as problem solving, creativity, critical thinking, analysing data, personal expression, synthesising information, etc.
- expand on your general knowledge and develop awareness of current global issues
- enhance your business writing skills and negotiation skills
- learn about amazing new facts and topics that will keep you on your toes

Your teacher will provide you with plenty opportunities to:

- express your own opinions on hot topics,
- use the language through trial and error,
- and practise your English skills in a friendly environment.

The course includes practical lessons designed to bring theory into practice through guided project work and group discussions. Students will learn about business etiquette and establishing a business.
